BRENDAN WALLS

(757)-739-6196 • brendan.walls22@gmail.com • https://www.linkedin.com/in/brendan-walls/

Education

James Madison University, Harrisonburg VA **Summer 2026**

Bachelor of Science in Computer Science

GPA: 3.47

Relevant Coursework

- Data Structures & Algorithms, Applied Algorithms, Full Stack Development, Programming Languages, Systems Engineering I/II, Parallel & Distributed Systems

Skills

- **Programming Languages**: Python, Java, C, JavaScript, HTML, CSS
- **Backend:** Django, Authentication, REST APIs, SQL
- **Frontend:** React, Bootstrap, Tailwind
- **Certifications:** Meta Backend Developer Professional

Experience

James Madison University – Harrisonburg, VA

Research Assistant – Volunteer **January 2025 – May 2025**

- Worked under a professor and graduate student to study wild chimpanzee locomotion
- Fine-tuned, DeepLabCut, a pose estimation computer vision model to track chimpanzee locomotion, enabling accurate movement analysis for the biology research team's study.

Vairav Technology – Remote, USA

Software Engineer - Part Time **October 2024 - December 2024**

- Used user entity behavior analytics (UEBA) to develop a One-Class SVM achieving 96% accuracy identifying anomalous actors within company databases and computer systems
- Maintained, retrained, and evaluated machine learning models to ensure accuracy in a continuously updated data pipeline

Software Engineer - Lead Intern **June 2024 - October 2024**

- Led a team of interns, enhancing leadership, mentorship, and time management skills while coordinating tasks and ensuring project deadlines were met
- Gained hands-on experience with MLOps and AI system deployment, including model versioning, monitoring, and pipeline automation
- Developed a spam email detection model using XGBoost and Random Forest Classifier, achieving 98% accuracy

Personal Projects

Little Lemon

- Built a full-stack recommendation experience that suggests similar movies based on learned similarity features.

Film Finder

- Built a full-stack recommendation experience that suggests similar movies based on learned similarity features

Duke Dog AI

- Chatbot assisting freshmen with enrollment, campus life, and orientation questions.
